ANNUAL YARD SALE

The annual Yard Sale which helps support Interfaith Human Services and Park Forest Preschool will be held on May 19 from 8:00 am - 1:00 pm. Help is needed starting Tuesday, May 15, with set up and then Wednesday, May 16, through Friday, May 18, with sorting the donated items. A lot of help is needed on Saturday during the Sale and then afterwards with cleanup. Sign-up sheets will be posted near Fellowship Hall. Any time that you can give will be greatly appreciated as much help is needed to make the Yard Sale a success. If you know any high school student who is looking for a service project, please ask them to help with the Yard Sale and we can sign off on the service project obligations.

We are looking for someone who has a pickup truck that can be used during the week to pick up bulk items. The owner does not have to be the driver, but needs to be willing to let us borrow the truck Wednesday through Friday the week of the Sale.

Any questions regarding the Yard Sale can be directed to us either by phone or email.

State College Presbyterian Church

The Sustainability Committee at State College Presbyterian Church has made impressive progress in making their church more green. Their Presbytery has awarded them a Certificate of Earth Care and recently asked them to offer a workshop for the other area Presbyterian churches. Not only have they cut back on energy use in a variety of ways, but they also recycle, literally, a ton of material each month. Please come with your own experiences retrofitting old churches and, together, we'll brainstorm possible solutions.

Many of you know that one of our twin daughters was afflicted with M.S. a little over seven years ago. The good news is that for most of the 1,000,000 Americans with M.S., there are now over a dozen treatments that for most have substantially improved the lives of those afflicted. Our daughter, Melissa, doesn't let it slow her down very much. She gets tired and a few months ago did have to go through her third time of three days of steroid treatments to combat the numbness in her legs and hands. She is currently an assistant principal of a 2800 student High School in Orlando and is awaiting her opportunity to be a principal.

The first weekend of May will be our 7th year of riding 100 miles on our bicycles in the Florida Citrus Tour. Melissa's Stampede has raised nearly \$70,000 over these seven years and Melissa, her twin sister, myself, and a team of 13 to 18 others continue to ride the 100 miles to find a cure.

To raise money for this year's ride, Texas Roadhouse in State College is having a "Dine to Donate" night on Wednesday April 11th. Present a copy of the flyer below to your waiter, either printed or from your phone and 10% of the cost of your meal will be donated to Melissa's Stampede. There will also be a number of items available in a drawing/raffle as you enter the restaurant.

You can also donate directly to her team by going go NationalMSSociety.org or the direct link is:

Thank you and hope to see you on April 11th.

Adopt A Spot: Care for Creation & Honor Trinity

Megan Orient adopted a spot in 2014 in Ferguson Township, and had it signed “In Honor of Trinity Lutheran Church”. Megan and her family are moving away this summer, and would love to see a Trinity Member keep the church name up on the sign! Are you passionate about battling litter? Would you be interested in taking it over? One person can do it—Megan has done it by herself, even separating recyclables and trash as she goes (though she said two people would be twice the fun!).

This spot is a 1/2 mile stretch of Vairo Blvd. (from just past Waddle Road to Marjorie Mae Street). It is downhill from the Walmart Plaza and two large apartment complexes, so trash seems to blow that direction. It is fairly easy to maintain! If working alone, it only requires about 4 hours each spring, 4 hours in late summer (before summer grass gets deep, and before autumn leaves fall, respectively).

In addition to the sign – a great (and free) way to recognize our church, there is a special recognition event for volunteers each year.

Megan will be conducting her spring clean-up day soon. If you are interested and want to join her to see the route first-hand, call Megan at (540) 841-8089.
