### JANUARY BLANKET DRIVE TO SUPPORT CLIENTS OF INTERFAITH HUMAN SERVICES

As has been tradition for the last several years, Trinity has been donating gently used or new blankets to Interfaith Human Services. These blankets are then made available to clients when they come in for their free furniture. Clients include women from the Women's Resource Center who are literally starting from scratch or clients who have just a mattress and box springs. All clients must meet the appropriate low income level to qualify for the program. This year the drive is being held in January. Therefore, if you are planning to replace your blanket or want an excuse to buy a new one during the sales, please remember those who are less fortunate and would really appreciate a warm blanket during these cold winter days. Please place donated blankets in the collection box in the Narthex. If you have any questions, please feel free to contact me either via email ([ees1@psu.edu](mailto:ees1@psu.edu)) or via my cell (814-404-3867).

TLC representative to Interfaith Human Services (IHS)

The 2018 Flower Chart is on the bulletin board beside Fellowship Hall. Sponsoring the Altar Flowers is a great way to honor or remember a special person or event. The cost of the flowers is \$42.00. Please contact Marla ([tlcmarla@comcast.net](mailto:tlcmarla@comcast.net)) with any questions.

### NEW PA IPL INITIATIVE

Pennsylvania Interfaith Power and Light, (PA IPL), invites you to the first monthly meeting of the Central PA IPL Circuit Riders, a group of folks from various faith communities concerned about climate change. They will meet in the various churches on a rotating basis to get to know one another, to pray together, to learn of the activities of PA IPL, to build community and to make common cause around caring for God's creation. The first meeting will be Tuesday, January 9, at Trinity Lutheran Church from 7:00 to 8:30 pm for a presentation on an initiative by the United Church of Christ Council for Climate Justice. This effort is in support of the 21 young people, several from Pennsylvania, who are currently suing the federal government seeking accountability and action for damages done to our climate. This presentation will be one of what is hoped to be 1,000 sermons preached or presentations made in support of these 10 to 21-year-olds in anticipation of the February 5 hearing of the case in U.S. District Court of Oregon.
