## VOLUNTEERS NEEDED TO RING BELLS FOR THE

## INTERFAITH HUMAN SERVICES WISHING WELL CAMPAIGN

As has been the tradition for many years, members of Trinity will be participating in ringing bells during the Christmas season. The money raised through bell ringing will help to provide essential resources to low-income Centre County residents that help them create solutions to become more self-sufficient.

The date for Trinity to ring bells is **Friday, November 23 from 9 am to 9 pm at Meyer Dairy. November 23 (Black Friday)**, is the day after Thanksgiving and the day before the Penn State vs Maryland home football game. Ringing bells is a great way to get into the holiday spirit. It's also a way to spend some time with your children or grandchildren letting them know that by helping to ring bells they are helping those less fortunate.

The sign-up sheet will be posted on the Fellowship Hall door through Sunday, November 11. We need 12 slots filled over a 12 hour period so please consider signing up with your spouse, friend, and your children or grandchildren. Singing carols or playing instruments is always welcome. If you would like to ring bells, but cannot do it on November 23 or all the spots are filled, please contact me. There may be other days and times that need to be filled. Once again, thank you! **Esther Lauchle (814-404-3867).**

## Central PA IPL Circuit Riders

A group of people of faith from area congregations that are regularly hosted by a different faith community, on a rotating basis, to get to know one another, to pray together, to learn of PA IPL events and programs, to build community, and to make common cause caring for God's creation.

**Invites All to the *EIGHTH* Meeting**

**Wednesday Nov. 7, 2018, 7 p.m.**

**Good Shepherd Catholic Church**

867 Grays Wood Blvd., Port Matilda, PA 16870

The PA IPL Circuit Riders are collaborating with National IPL as well as several state chapters to persuade **Ford Motor Co.** to honor the commitment to **Clean Car Standards** which they made in 2011. Those standards would average 54.5 miles per gallon by 2025 and result in a **50% reduction in greenhouse gas emissions** ! It would also improve the health of 24 million Americans - including 6 million children -who suffer from asthma. Ford has recently supported the present administration's efforts to step back from those standards.

Our role is to try and gather local signatures on a petition to Ford Motor Co. to add to a 12-foot scroll of signatures collected nationally. The petition would be presented to a local Ford dealership by a group of 6-12 clergy and laity in a half hour meeting with the dealer in the next few weeks. They would also present reasons, from our faith perspectives, why we are asking the dealer to pass on our concerns to the national Ford Motor Co. offices. We have reason to believe that Ford might be persuadable by those faith perspectives.

We hope you can join our Nov. 7 planning meeting. Any questions, please contact Greg Williams, 215-242-0854,  
[wacmbok@aol.com](mailto:wacmbok@aol.com).

**Questions: Speak to Ron Porter or Karl Raynar**

**Ron Porter will have petition signature forms available this Sunday morning, November 4th for anyone interested.**
