Remember - Wednesday Evening Vesper Services

Every Wednesday at 7:00 pm there is a Zoom

Vesper Service. The link is emailed on Wednesday morning.

Missed it? A YouTube link will be sent out Thursday morning.

Sunday Outdoor Worship Services are continuing at 10:00 AM, weather permitting.

These services include communion, wearing a mask & social distancing.

If you plan to attend please bring your own lawn chair. We do have a new permanent altar that will be dedicated in the near future, thanks to Peter Relkin. He used this as his Eagle Scout project. Thank you, Peter.

If the weather is questionable, please check your email or Facebook prior to coming to the church as the outdoor service may be cancelled. We will get the notice out to everyone as soon as the decision is made. If this happens, a service will be recorded and sent out to everyone with the YouTube link later in the day.

Nittany Greyhounds Shoe Drive

Nittany Greyhounds is partnering with Funds2Org for this unique Social Enterprise and Fundraising opportunity. **The goal is to collect 100 bags of shoes that contain 25 pairs each to send to developing nations.** It's a big goal and will take a team to reach it.

Any type or condition of shoe is eligible, even flip flops-pairs only please!

Win (clean out your closet)

Win (help retired racing greyhounds find new homes)

Win (benefit developing nations through economic development)

Call or email us for pick up or information on how to drop them off.

Please contact us at martha@nittanygreys.org or 412-877-1221

THANK YOU!

Where do my repurposed products go? Nittany Greyhounds shoe drive benefits individuals, families, and communities in developing nations. Through your collections, these people are able to start, maintain, and grow their micro-businesses to feed, clothe, and house their families. Your shoes are consolidated and shipped to on-the-ground business operators where they are cleaned, repaired, or melted down if necessary, to make a new pair of shoes. Used shoes are in huge demand in these parts of the world. It is truly amazing how the personal and public economics receive a desperately needed boost. Your shoes are creating sustainable economies in countries where little hope of economic stability exists.
