Park Forest Preschool is hoping to find an individual or group willing to build two mud kitchens for our playground for the 2024-25 school year. (A mud kitchen is an outdoor play kitchen where children use a variety of materials for imaginative play). We recently submitted a proposal for funding for the construction materials and should hear by mid-April.

We plan to have one sized for toddlers and the other, slightly larger, for three and four year olds. Here is a photo of what we have in mind.

Please feel free to contact me if you have any questions about this project. Thank you!

Public Lecture on the Dead Sea Scrolls “The Qumran Collection as an Ancient Library”

Sidnie White Crawford

Willa Cather Professor Emerita
University of Nebraska-Lincoln

Seventy-five years ago, roughly a thousand scrolls were discovered in caves near the shore of the Dead Sea at a site called Qumran. Lost for over two thousand years, these scrolls have since revolutionized our understanding of the Bible, ancient Judaism, and the Christian New Testament. The Dead Sea Scrolls preserve our earliest copies of the Hebrew Bible along with a treasure trove of previously unknown ancient Jewish writings. The academic study of the Dead Sea Scrolls has reintroduced to the world a long-forgotten religious community.
