## U.S. FLOODING LUTHERAN DISASTER RESPONSE

ELCA.org/flooding

In the face of disaster, the ELCA, through Lutheran Disaster Response, shares relief today and builds resilience for tomorrow.

Flooding is one of the most common natural disasters in the United States.

Across the country, we support communities as they recover from devastating floodwaters. LDR works with synods and partners to respond to urgent needs, give emotional and spiritual care, support long-term recovery (including disaster case management and meeting unmet needs), and provide educational training for synods and partners in affected regions.

Lutheran Disaster Response works through strong partnerships with ELCA synods, congregations and other organizations. We recognize that every disaster is local and responses need to be rooted in community. Our partners know their communities the best and can address local needs.

Your gifts to LDR support our church's work to share healing and renewal with people who lives have been disrupted by disaster. Together we can reflect Christ's light and hope to our neighbors in their time of need. Give today to support survivors in the United States and around the world, wherever and whenever a disaster may strike.
